Join us for an ***intensive look*** at the role of the Certifier. Participants will:

This training has a Certifier focus and is appropriate for:

- Clerks wanting to learn the role of the Certifier
  - Certifiers who would like to update and refresh their skills
  - Interested others who want to learn about the Certifier role
- Learn diet and nutrition assessment skills, including detailed information necessary to determine eligibility.
  - Learn anthropometric assessments from scales to length boards. Learn how to interpret and explain child growth charts, BMI, prenatal weight gain grids and how to assess iron status.
  - Explore community referrals and important keys to making effective referrals
  - Learn the role of the Competent Professional Authority (CPA) in determining and assigning food packages.
  - Learn and practice client centered counseling skills.
  - Experience information sharing and gather resources for future learning opportunities.

Join us for 2 days of Clerk to Certifier Training and an optional third day of intensive nutrition education ideas and skill development. See *flyer for Innovative Nutrition Education day!*
